

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

9688-326

Date of Issuance:

11/24/2014

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

CHEMISICO AEROSOL
 INSECTICIDE PT

Name and Address of Registrant (include ZIP Code):

Jessica Goldberg
 Chemsico, Div. of United Industries Corp.
 P.O. Box 142642
 St. Louis, MO 63114

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Kable Bo Davis, Product Manager 3
 Invertebrate & Vertebrate Branch 1
 Registration Division (7505P)

Date:

11/24/2014

EPA Form 8570-6

2. You are required to comply with the data requirements described in the DCIs identified below:
 - a. Permethrin GDCI-109701-1252
 - b. Tetramethrin GDCI-069003-1110

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCIs listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: http://www.epa.gov/oppsrrd1/contacts_prd.htm

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 9688-326.”
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSF:

- Basic CSF dated 08/30/2013

If you have any questions, please contact Maggie Rudick at (703) 347-0257 or rudick.maggie@epa.gov.

[Read entire label]

NET WEIGHT 10 OZ. (283 g)

(Note to Reviewer: This product is formulated as an aerosol.)

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not water the treated area to the point of run-off.

- Do not make applications during rain.
- All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:
 1. Treatment to soil or vegetation around structures
 2. Applications to lawns, turf, and other vegetation
 3. Applications to building foundations, up to a maximum height of 3 feet. Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications, only.
- Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

SHAKE WELL BEFORE USING. Do not use on surfaces that can be harmed or stained by water. [Remove protective cap,] hold container upright, and aim spray away from face and body. [This product has residual killing action of insects landing on treated surfaces for up to 4 weeks*.]

INDOORS

To kill wasps, hornets, yellow jackets and bees: Use in late evening or early morning when insects are at rest. Spray liberally into hiding and breeding places, especially under attic rafters, contacting as many insects as possible. Repeat as necessary.

AS A SPACE SPRAY

To kill houseflies, mosquitoes, cluster flies, gnats, fruit flies and flying moths: Close all doors and windows. Point nozzle upward. Direct spray mist to all parts of room, especially windows and other light sources which attract insects. Fill room with mist, then leave treated area immediately. Keep room closed for at least 15 minutes. Ventilate room when treatment is completed. Repeat as necessary.

OUTDOORS

For houseflies, mosquitoes, cluster flies, gnats and flying moths: For use only as an aid in reducing the annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the building. Also treat surfaces around light fixtures on porches, in garages, and other places where insects congregate. Repeat as necessary.

To kill bees, wasps, hornets and yellow jackets: Use in late evening or early morning when insects are at rest. Aim spray at nest openings in ground, bushes, and in crack and crevices which may harbor nests. Saturate nest openings and contact as many insects as possible. Repeat as necessary.

STORAGE AND DISPOSAL

Storage: Do not freeze. Store in a cool, dry area, inaccessible to children and away from heat or open flame. **Disposal:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Avoid contact with skin or clothing

FIRST AID

If Swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person. **If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

Environmental Hazards

This product is extremely toxic to fish. Do not apply directly to water.

Physical or Chemical Hazards

Contents under pressure. Do not store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting. Do not apply this product in conduits, motor housings, junctions and switch boxes, or other electrical equipment because of possible shock hazard.

[*[Guarantee]]If you are not satisfied with this product for any reason, send your written request for a refund to the address below, together with the original dated store receipt

showing the price you paid. Please allow 6-8 weeks for processing.]

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
